

OPERATIONAL FLOW ORDER (AGT)

Issued by: New York State Electric & Gas Corporation
Date of Issuance: August 27, 2025
Time of Issuance: 4:00 PM Eastern Clock Time ("ECT")
Effective Date: August 29, 2025, 10:00 AM ECT
End Date: September 2, 2025, 10:00 AM ECT

As described in AGT Notice ID 166714, in order to maintain the operational integrity of the system, Algonquin Gas Transmission, LLC has issued an Operational Flow Order ("OFO") effective 10:00 AM ECT, August 29, 2025.

NYSEG, in support of AGT's notice, is requesting that ESCOs take the appropriate action to respond to AGT's OFO. NYSEG is requiring all AGT Pool Operators to keep actual deliveries greater than or equal to scheduled quantities.

Additionally, NYSEG is requiring all AGT Pool Operators to adhere to all pipeline requirements including any limitations imposed by the pipeline on nomination imbalance tolerances.

Any costs NYSEG incurs from pipeline imbalances will be passed on to the offending shippers.

This OFO will remain in effect until 10:00 AM ECT, September 2, 2025.
